

STAR WARS MATH

1. If Boba Fett asked Jabba for 16 dollars but only received \$12.50, how much money was he short changed?
2. If each TIE fighter holds 2 stormtroopers, how many TIE fighters would 18 stormtroopers need?
3. If Luke was scheduled to train with Yoda for 300 days but had to leave after 142 days, how many more days of training does he have left when he returns?
4. If R2D2 is 4 feet tall, how many inches is he?
5. If C3P0 is 6 feet tall, how many inches is he?
6. How many more inches is C3P0 than R2D2?
7. If Rey gets \$3 from Unkar Platt for every scrap piece of metal, how much would she receive for 8 pieces?
